

# Class 11-Humanities

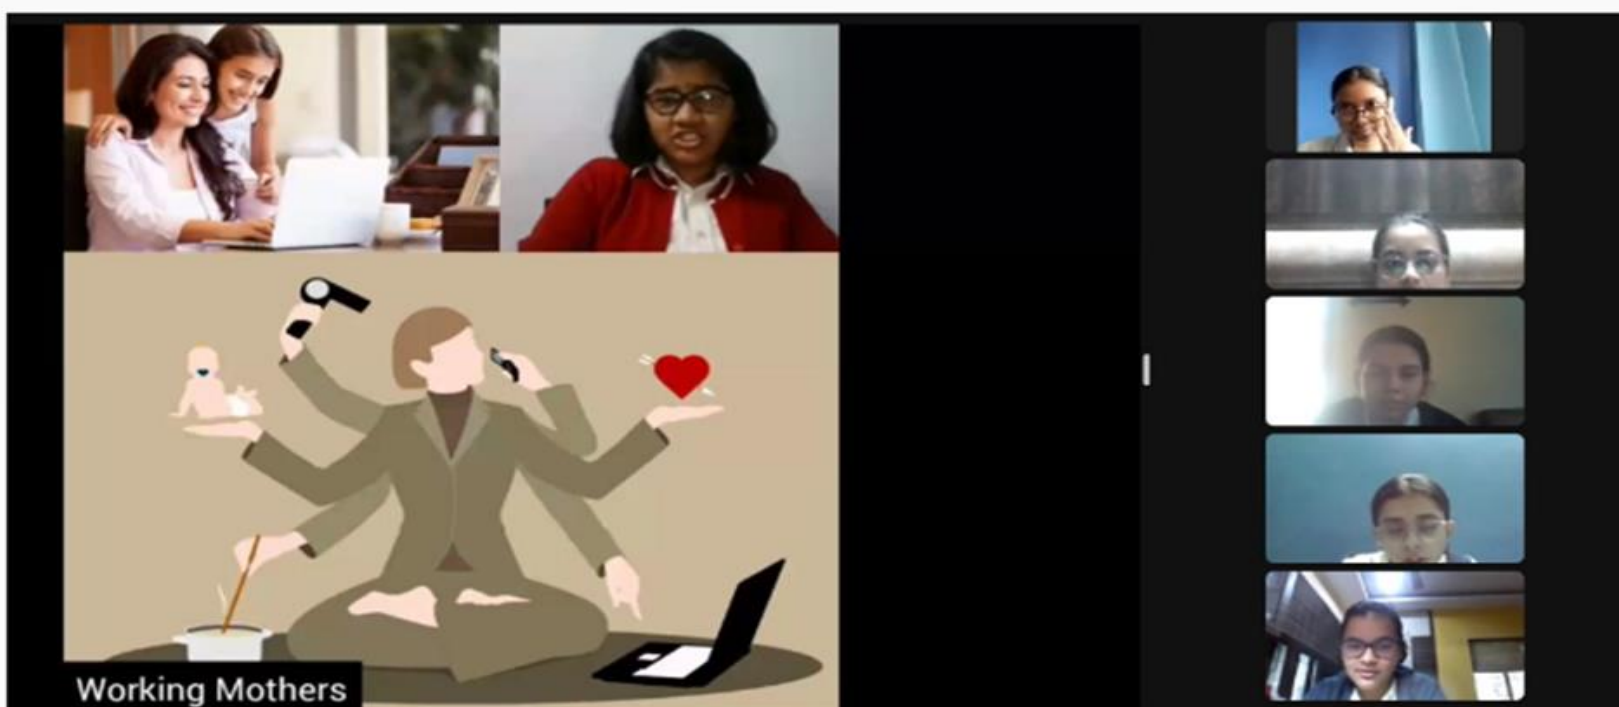

**Maryward week  
celebration**

**“Women in  
time to come  
will do much”**

- As part of the Mary Ward week celebrations Class 11 Humanities presented a special assembly on her maxim, "women in time to come will do much". We showed how true her prophecy has been with women today excelling in all spheres of life. They are an inspiration for the generations to come. Not all are famous. Some like our mothers and teachers have made a change in our world, by selflessly working for their families everyday and managing everything so effortlessly. We also had a bookmark making activity where the entire class made two bookmarks based on Mary Ward's maxims, as a part of our celebration.
